**DECLARATION OF CAROLINE T. DO**

BOX MISSING PARTS  
Assistant Commissioner for Patents  
Washington, D.C. 20231

I, Caroline T. Do, declare as follows:

1. I am an attorney duly licensed to practice law in the State of California and am an associate of Blakely, Sokoloff, Taylor & Zafman, a limited liability partnership, attorneys of record for applicants, in this proceeding. I have personal knowledge of the facts set forth in this declaration and if called upon to do so, could and would competently testify to them.
2. On or about January 24, 2001, our firm was informed that two of the inventors of the instant application, namely Millind Mittal and Ken Reneris, were no longer employed by the assignee of the invention, Intel Corporation. Subsequent attempts to obtain the signatures of the departed inventors were unsuccessful.

Therefore, Applicant requests that the enclosed Declaration and Power of Attorney be accepted in response to the Notice to File Missing Parts as being fully executed.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued therefrom. Executed this 16th day of February, 2001, at Costa Mesa, California.
